The psalter was the songbook for the Temple liturgies of ancient Israel and still is the living heartbeat of the prayer of the Church, especially the Mass and the Liturgy of the Hours. The psalms are universally applicable to all aspects of the human experience from deep sorrow and suffering to the highest expressions of happiness and joy. They contain the entire Gospel and the basic pattern of salvation history and the unity of Scripture. Join us as we break open their treasures.

Benedictus wants to offer the Navarre "*The Psalms and The Song of Solomon*" Commentary at a discount to participants - regular price \$46.95 for \$40.00. Patrick needs to order in bulk to be able to do this. **Call Benedictus Bookstore at 859-368-0584 to place an order, they will ONLY offer the discount until August 15.** The commentary is not necessary for the bible study. It is an additional and totally optional resource being offered for our study of Psalms.
